Subject: RE: Tamworth Council link

Good Afternoon

Please thank all the team for the organisation of a great weekend, your efforts were much appreciated. Although I like to blame the weather for our team (NECDA 78) not getting through to the semi's The family and friends team did me proud by giving one of the finalist a run for their money, and I can't remember actually playing in the rain.

You are probably aware Councillor Bruce Boughton the Leader of Tamworth Council had attempted to call down over the weekend. He has since sent his sincere apologies following other council matters taking so much of his time outside his other job.

He has requested I forward some contact details of the committee, to see whether North Warwickshire DA would like to investigate the use of the Castle grounds for future years.

I hope you able to pass this on to the committee along with my families thanks and best wishes.

Please let me know how you go on, and hopefully we'll see you next year for a bigger and better event, if that is at all possible.

Regards

Nick Hunter
